

Lenovo Applications and Drivers Recovery Disc (64-bit) label specification

Color/Media type

All labels are black text on white background. Use DVD Type 5 media.

File identification

The \MFG folder of this DVD contains the DVD-label artwork template to use when creating label artwork for this Applications and Drivers Recovery Disc.

W7ADD64xxxxx.CDR: The Applications and Drivers Recovery Disc (64-bit) template artwork is in CorelDraw format (use CorelDraw 8 or later to edit).

W7ADD64xxxxx.PDF: The Applications and Drivers Recovery Disc (64-bit) template artwork in Acrobat Portable Document Format (use Adobe Acrobat Exchange version 4.0 or later to edit).

VALUES.TXT: This file contains the values for the fields defined in the template. This is the same information as printed in the Field and Value areas of the physical Golden Master Applications and Drivers Recovery Disc label.

Instructions

Locate the artwork template in the \MFG folder, and then insert the following items into the appropriate fields in the template. See the \MFG\VALUES.TXT file or the physical Golden Master Applications and Drivers Recovery Disc label for the values to use in these fields.

- **Field 0:** Enter the Family name: For example, T23. If no information has been provided for this field, delete "[Field 0]" from the label.
- **Field 1:** Enter the disc number. For example "Disc 1 of 2"
- **Field 2:** Enter the date: Month (spelled out) and 4-digit year only.
- **Field 3:** Enter the 7-digit part number.
- **Field 4:** This field is not used for this template.
- **Field 5:** Enter the 2-character language code.
- **Field 6:** This field is not used by this template.
- **Field 7:** Enter the Microsoft copyright date (the current year).
- **Field 8:** Machine types. Do one of the following:
 - If one or more 4-digit machine types are provided as a value for field 8, enter these machine types in [Field 8 – line 1]. If all machine types cannot fit on the line identified as [Field 8 – line 1], use the fields below it [Field 8 - line 2], [Field 8 - line 3], and [Field 8 - line 4] for the remainder of machine types. Delete any Field 8 lines that are not required.
 - If "NA" is provided as a value for field 8, do the following:
 - Delete the words "For" and "Type"
 - Delete "[Field 8 – line 1]"
 - Delete "[Field 8 – line 2]"
 - Delete "[Field 8 – line 3]"
 - Delete "[Field 8 – line 4]"

Important: If this disc is being replicated in China, do NOT change the 'Recorded in China' statement. If this disc is replicated outside of China, modify the "Recorded in China" statement to reflect the actual country or region where the disc is being replicated. The country or region name must be printed in English and spelled out - no abbreviations can be used other than USA, for the United States, and UK for the United Kingdom.
